Education

Shanghai Jiao Tong University   *Sep 2017 - PRESENT*

Honors Bachelor of Computer Science

- Member of ACM class in SJTU, which is an elite CS program for 5% talented student
- GPA: 3.6/4.3, rank:16/46

Research Experience

Speech Lab@SJTU   *July 2019 - PRESENT*

Undergraduate Researcher

- Advised by Prof. Kai Yu.
- My current research interest is machine learning, natural language processing and reinforcement learning.

Selected Projects

RISC-V CPU

- This project is a RISC-V cpu implemented in Verilog.
- code: https://github.com/zywszr/riscv-cpu

M_compiler

- This project is a compiler for Mx* language, a C and Java like language.
- code: https://github.com/zywszr/Compiler

Book Management System

- This project is a book management system implemented in C++.
- code: https://github.com/zywszr/bookstore

Honors and Awards

Zhiyuan Honors Scholarship   *2018 & 2017*

a reward for top 5% student in SJTU

Shanghai Jiao Tong University Scholarship   *C type*   *2018 & 2017*

a reward for top 5% student in SJTU
